+91-8824731414 | Karanshakarwal.it27@gmail.com | LinkedIn: [karanshakarwal](#) | GitHub: [karan-21-web](#)

PROFESSIONAL SUMMARY

Final-year Information Technology undergraduate (B.Tech, 2027) with a strong foundation in C++ and Data Structures & Algorithms. Experienced in building full-stack web applications using React.js, Node.js, and MongoDB. Skilled in REST API development, responsive UI design, and integrating third-party APIs. Seeking a software engineering internship to contribute to impactful projects.

EDUCATION

B.Tech in Information Technology

Jaipur Engineering College and Research Centre, Jaipur

CGPA: 8.23 (Till 5th Semester)

2023-2027

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript

Frontend Development: React.js, HTML5, CSS3, Responsive Design

Backend Development: Node.js, REST API Design

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Visual Studio Code

Soft Skills: Problem Solving, Adaptability, Team Collaboration, Leadership

PROJECTS

NewsHub AI — AI-Integrated News Aggregator Platform

[GitHub](#) | [Live](#)

- Developed a real-time news aggregator by integrating external news APIs, enabling users to access live updates across categories in a single platform.
- Built backend REST APIs with Node.js to fetch and serve news data, ensuring dynamic and reliable content delivery.
- Implemented city-based search and category filtering features, improving news discovery and user engagement.
- Designed a responsive UI with dark/light mode support using CSS custom properties, enhancing accessibility across devices.

Virtual Password Authentication System

[GitHub](#) | [Live](#)

- Developed a secure authentication system with two-factor authentication (password + email-based PIN) to protect user accounts.
- Built a user registration and admin approval workflow to ensure controlled access and account verification.
- Integrated EmailJS to automate PIN delivery and authentication-related email notifications.
- Designed a responsive Admin Dashboard for user management, approval tracking, and account monitoring.

ACHIEVEMENTS

- Smart India Hackathon (SIH) — Collaborated with a cross-functional team to design and prototype a real-world problem-solving application at JECRC.
- Event Coordinator, Renaissance — Organized and managed academic and cultural college activities for 100+ participants.

CERTIFICATIONS

- Oracle Cloud Infrastructure (OCI) Foundations Associate — Gained foundational knowledge of cloud computing, OCI services, networking, security, and cloud architecture principles.
- Python Programming Certification (InternShala) — Strengthened problem-solving skills through core Python programming and data structure implementations.
